## YEAR-END FUNCTION ITALIAN FUN – INFORMAL

**This theme event will be the best way to enjoy your Year-End Function.**

We can accommodate any group size between 15 – 150.

The idea of having an office cooking event will be an experience that you and your colleagues will never forget! Forget about any work stress and do something different!

How does this work?

We provide equipment and ingredients for this Italian event. You and your colleagues will learn how to make pasta the Italian way.

Each person will be making pasta hands on after a demonstration from our Chef. You will receive recipes and aprons for this fun event.

This will not be the same boring office party but interactive with everybody joining in the fun! You will also be guaranteed a meal with several choices that you can enjoy.

We also offer the same event without you preparing any pasta. All will be prepared for you. See our “*al Forno*” menu below.

Passion, excellence, enthusiasm and dedication are some of the values that we continuously strive for to make each event a feast to remember!
